RUNNING LIKE CLOCKWOOK

WORK PROGRESSES RAPIDLY AT THE MERRIMACK MILLS.

Immense Amount of Stone Has Come by Freight—New Fiber Factory Has Not Settled Upon a Location.

Everything was running like clock work yesterday at the Merrimack mills. A large force of men was busy placing the ground foundation for the outer walls so fast as the excaavtion at that particular point was finished. The excavating teams were following one another in two circles making their endless rounds and moving dirt rapidly. The mountain of dirt in front of the brick plant is assuming huge proportions. An immense amount of cut stone window sills have recently come in on the cars and are ready to be unloaded. The brick machinery was steadily running and the kiln of brick is nearly half ready for burning.

The whole outfit presented a scene of quiet and well organized industry while the cheerful faces of the managers gave indications of satisfaction over the rapid progress being made.

CARS RUN ALMOST EMPTY.

Strike Situation at Cleveland Shows Practically No Change.

CLEVELAND, Aug. 2.—There was practically no change in the strike situation here today. President Everett of the Big Consolidated declares that his company has about all the men required and that the service now maintained on the various lines of the system is equal to that which was in force prior to the strike. Mr. Everett states that he is receiving applications from some of the strikers for reinstatement and that a number of union men have already been put to work.

The strike leaders, on the other hand, insist not a single desertion has occurred and that their ranks remain unbroken.

There is no indication so far of any check in the boycott movement, although the officials of the Big Consolidated say there was a marked increase in the number of passengers carried down town on their east end lines this morning. As a matter of fact, however, the cars, aside from those of the Euclid and Cedar avenue lines, continue to run almost empty.

The "spotters" sent out by the strikers are in evidence everywhere along the Big Consolidated lines. They board the cars, if there happens to be any passengers, and endeavor to learn their names. Failing in this, the passengers are followed to their homes or places of business and as a result in most cases their names go down on the "list."

Many merchants who are taking part in the boycott have changed their tactics on account of threats of prosecution and simply place a prohibitive price on their goods to boycotted persons.

The militia is being gradually withdrawn at the rate of two or three companies each day.

A TRUST SUED FOR TAXES.

National Starch Company In the Kentucky Courts.

CINCINNATI, Aug. 2.—Suit was entered today in Covington, Ky., by E. J. Green, state auditor's agent for Kenton county, against the National Starch company, familiarly known as the starch trust, for $300,000 for back taxes for a period of five years. The taxation is based on a capital stock of $10,500,000.

The trust is incorporated under the laws of Kentucky and an annual meeting is held once a year in Covington for the re-election of officers in order to comply with the formalities. The general offices of the company are in the Boone block, in Covington, but the real headquarters are in New York.

Many of the wealthiest capitalists in the country are interested in the company. The company's legal representative and agent in Kentucky is Hon. Richard Ernst, who is now in Europe. It is said that similar suits will be instituted against other companies operating under the same system.

American Steel For India.

HARRISBURG, Aug. 2.—The Pennsylvania Steel company today shipped 43 carloads of bridge and construction steel to one of the Pennsylvania railroad docks in New York city, and from there it will be sent by ship to India. It comprises one-half of the iron to be used in the building of the huge viaduct across the Gokteik gorge, about 80 miles west of Mandelay. The company will get $700,000 for the work.

REDSKINS IN MEXICO BUTCHER AMERICANS

Admission of Prospectors Is Resented by Yaquis.

TROOPS HURRY FORWARD.

Battle Reported In Which Forty Indians and Eleven Soldiers Fell, the Latter Being Led by the Noted Frontier General, Lorenzo Torres.

CITY OF MEXICO, Aug. 2.—News from the lower Yaqui river country today is that roving bands of Indians are killing both Mexicans and Americans and that a number of Americans in the outlying districts have already been slaughtered. Fears are expressed for the safety of the large number of American prospectors who have been pouring into the Sierra Madre mountains during the last year.

On July 22 signs of the present trouble became apparent and Chief Tetabiate, always peaceably inclined, ordered the tribe to remain quiet and ordered five of the principal disturbers shot. The Indians fell upon their chief and beat him to death with clubs and then a large band massacred 50 soldiers in the barracke at Bacum, slaughtered Carlos Hale, a prominent merchant of Guaymas, and went down the river murdering and plundering.

The noted frontier general, Lorenzo Torres, commander of the military zone of Sonora, with only 200 men, marched from Potan Tobacum and threw himself on the assembled Yaqui forces. A battle was waged for two days, in which 40 Yaquis and 11 soldiers perished. The Yaquis were pushed back towards the mountains and on the third day another fight took place, in which 43 Yaquis and four chiefs were killed. The Yaquis were dispersed and driven farther into the hills.

State troops were gathered from all over Sonora by Governor Corral. About 1,500 men in all were mobilized and pursued the Yaquis into their mountain fastness. The army was joined by artillery which had been rushed from Chihauhau. The Yaquis took position on the peaks of Cuestaalta and the latest report is that a battle was fought on July 22 and that the troops were gaining advantage. The Indians have been fighting among themselves for five days about Dican, a large proportion of them being opposed to the rising.

The present outbreak was precipitated largely by the rush of prospectors

Crazy Soldier Runs Amuck.

SAN FRANCISCO, Aug. 2.—Nathan Hersog, a discharged private of Company M, Twenty-second infantry, became insane in a hotel on Montgomery avenue and in a nude condition ran amuck through the building. Before he could be secured he knocked out two police officers and badly injured Mrs. LaPierre. He was finally captured after he had wounded himself by breaking through a glass door.

Narrow Escape From Death.

CANTON, Miss., Aug. 1.—One of the spans of Pearl river bridge, at Rathiff's Ferry, 60 feet in length, fell in yesterday. A gentleman by the name of Thomas, from Holmes county, was crossing at the time with a span of hosres and was precipitated a distance of 30 feet to the water, and strange to say, neither he nor the team were injured. All swam safely to the shore. Three young ladies, who were the companions of Thomas, had just crossed over. It was indeed a miraculous escape.

CELERY KING
NATURE'S CURE

A Cure for Nervous Headache.

For eight years I suffered from constipation and severe nervous headache, the headache usually lasting three days at a time. Headache powders relieved me temporarily, but left too bad an effect. Since I began taking Celery King I have greatly improved in health, seldom or never have headache, have gained in flesh, and feel decidedly well.—Mrs. E. S. Hatch, Temple, N. H.

Celery King for the Nerves, Stomach, Liver and Kidneys is sold in 50c. and 25c. packages by druggists and dealers. 6

DEMENT BROTHERS.

Bismarck's Iron Nerve

Was the result of his splendid health. Indomitable will and tremendous energy are not found where stomach, liver, kidneys and bowels are out of order. If you want these qualities and the success they bring, use Dr. King's New Life Pills. They develop every power of brain and body. Only 25c at Dement Bros' drug store.

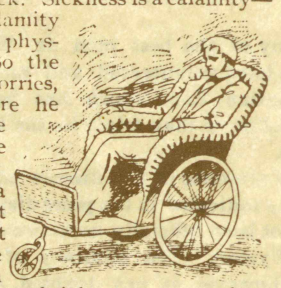
It isn't the bodily sickness that hurts a man. He could stand that fairly well if his mind were easy. But Americans are busy. They have work to do—plans to make—schemes to execute. They are "plungers." They line up their incomes as soon as they receive them or re-invest them with the idea of increase. They cannot afford to be sick. Sickness is a calamity—a financial calamity as well as a physical one. So the sick man worries, and the more he worries, the sicker he grows.



Worry is a good thing at the right time. The minute you feel a symptom of sickness—worry about it—do something about it—cure yourself. When you begin to feel run-down—when a twinge of rheumatism tells you plainly that your blood is impaired—when you are losing flesh and vitality, go to the nearest drug store and get a bottle of Dr. Pierce's Golden Medical Discovery. It is the greatest blood purifier and tissue builder on earth. It cures rheumatism and all other blood diseases by curing the cause. It purifies the blood and puts the blood making organs into good, healthy, working order. It tones up the stomach, stirs up the liver, helps the kidneys in their work and puts suffering nerves at rest. It contains no whisky, alcohol, opium or other dangerous drugs and does not, therefore, create a craving for stimulants or narcotics.

James E. Crampton, Esq., of Sharpsburg, Washington Co., Md., writes: "I was in business in Baltimore, and had rheumatism for three months; couldn't walk at all. I tried the best doctors I could get but they did me no good. I took three bottles of Dr. Pierce's Golden Medical Discovery and it cured me sound. I came home to Sharpsburg and there were three cases of different diseases. I advised the patients to use Dr. Pierce's medicine, which they did, and all were cured. I have sold over one hundred dollars' worth of your medicine by telling people how it cured me. You can write to our druggist, Mr. G. F. Smith, in our town and he will tell you what I did for you in regard to selling and advertising your great remedies."

NO MORE CASES OR DEATHS AT HAMPTON

Yellow Fever Situation Now Under Control.

AN ENCOURAGING REPORT

Governor Woodfi , In Charge of the Soldiers' Home, Announces That the Disease Is Being Held In Check by the Prompt Steps Taken.

NEWPORT NEWS, Va., Aug. 2.—Governor Woodfin of the soldiers' home at 10 o'clock today gave out the following official statement:

"No new cases of yellow fever; no deaths; situation practically under control."

Many of the best men in Newport News have volunteered and are on the quarantine line, which has been increased more than triple in the last few hours.

The presence of the disease at Phoebus, as indicated in the press dispatches, has not been officially communicated to Dr. Wyman. The accuracy of the report, however, is not doubted, as such a condition of affairs was anticipated. A house to house inspection of the village has been ordered.

Surgeon Snowden, at Alexandria, Va., was this morning directed to carefully inspect all persons arriving by rail or water at Hampton and vicinity and to keep them under detention if necessary. Similar instructions have been sent to marine hospital officers at all Chesapeake bay ports.

ELEVEN MEN ENLISTED.

LIEUT. W. S. WELLS IS DOING RAPID WORK.

Recruiting Officer Expects to Secure Nearly a Company of Men in Huntsville.

Lieut. W. S. Wells sent eleven men to Fort McPherson yesterday afternoon to join the 29th Volunteer Infantry. All of the recruits fulfilled every requirement. The enlistment of these men is the result of only two days work and it is a fine showing for such a short time.

A large number of other men have been examined who did not come up to requirements of the service. The medical examination is conducted by Dr. J. T. Johnson of this city. All recruits who fill the requirements are mustered in at once and are immediately under pay.

The recruits will be forwarded to Fort McPherson from day to day and Lieut. Wells will make a special effort to have as many of the Madison county boys as possible enrolled in his own company. The recruiting office seems to be a very popular place for many young men and it now looks as if nearly a company will be enrolled in this city before the month expires.

Recruits Pass Through.

The east bound Southern passenger train yesterday afternoon carried from 50 to 75 r cruits from Memphis and Arkansas who have been assigned to the 29th Infantry at Fort McPherson.

TO PLAY FOR A FAIR.

Pratt's Military Band May go to Murfreesboro.

Prof. D. C. Monroe director of Pratt's Military Band, received a letter yesterday from the President of the Murfreesboro Fair Association asking him to write how many members there are in the band and whether or not they are uniformed. The writer desires to secure the band for five days in the early part of September.

Prof. Monroe will probably make a contract with the association. The offer coming from afar is quite a compliment to the band.

No Right to Ugliness

The woman who is lovely in face, form and temper will always have friends, but one who would be attractive must keep her health. If she is weak, sickly and all run down she will be nervous and irritable. If she has constipation or kidney trouble, her impure blood will cause pimples, blotches, skin eruptions and a wretched complexion. Electric Bitters is the best medicine in the world to regulate stomach, liver and kidneys and to purify the blood. It gives strong nerves, bright eyes, smooth, velvety skin, rich complexion. It will make a good looking, charming woman of a run-down invalid. Only 50 cents at Dement Brothers' drug store.

For catalogues, apply at the book-stores or address the Principals, Huntsville, Alabama.

VESSELS REFUSE TROOPS.

Difficulty In Removing the Soldiers From Fort Monroe.

WASHINGTON, Aug. 2. — Some difficulty is being experienced in removing the troops from Fort Monroe. None of the steamship companies will take them and just at present no government transports are available. It was intended that the troops should be conveyed by the Pennsylvania railroad's transport from Fort Monroe to Cape Charles and by the Pennsylvania railroad to Battery Point, but the Norfolk authorities have notified the Pennsylvania officials that if the transport is used for that purpose she will not be allowed to enter Norfolk for five days, which would cut off communication for the railroad between Cape Charles and Norfolk.

General Merritt has acceded to the request of General Wyman and the garrison at Fort Monroe will be sent to some place farther north than Battery Point, Del. The location has not yet been fixed.

It is stated at the war department that the request of Governor Tyler that a sufficient number of United States troops be retained at Fort Monroe to act as quarantine guard cannot be granted, as there is no authority to use troops for such purpose.

Assistant Surgeon Von Ezedorf, the New Orleans expert, today reported to the marine hospital service his arrival at Norfolk enroute to Old Point and Hampton, where he will assist Drs. Pettus, Wasdin and White. Hospital Steward Kolb also reported for duty at Hampton. Acting Assistant Surgeon Frank Donaldson, an immune, was ordered to report to Dr. White at Hampton to help handle the outbreak at Phoebus.

Surgeon General Wyman is still detained in Washington attending to the executive work of the service, which has been increased largely in the present excitement. He is not likely to go to the scene of the outbreak unless there is a decided change in the present favorable outlook.

IN SOCIAL CIRCLES.

Miss Jennie Cramer, the accomplished young pianist of Huntsville, Ala., who has recently moved to Atlanta and taken a conspicuous place in the musical circle of the city, will accompany Mr. and Mrs. T. J. Ripley to Toccoa Falls as their guest. Miss Cramer is an artist of no ordinary skill in her profession and will add much to the pleasure of those who may be so fortunate as to hear her perform.—Atlanta Constitution.

***

The Glee Club and Minstrel Company is holding two rehearsals a week and is making rapid progress. The chorus is composed of twenty five voices and when the minstrel performance is given, the public may expect something good. The latest popular songs will be rendered and the olio will be very interesting.

***

Miss Bettie Mayes, the attractive little daughter of Mr. and Mrs. Eldridge Mayes, gave a delightful party in compliment to her young friends last night at her home on West Holmes street. From eight to twelve the young people spent the evening in unaloyed pleasure. About eighteen couples were present.

IMPROVING CROSS STREETS.

The movement begun by the Board of Mayor and Aldermen to open, widen and improve the cross streets in this city will meet with general approval. Those familiar with the cross streets will readily concede the necessity for such action.

The era of improvements now developing makes it absolutely necessary to open some new streets, and to widen and improve others. Unless thiswork is begun at once, new buildings are liable to be constructed at such places along these streets that will render new streets impracticable from a standpoint of expense.

It would be much better for all concerned if an agreement could be reached regarding the value of lands required for cross street purposes. Condemnation proceedings are expensive and lawyers' fees are not particularly cheap.

Hon. William Youngblood has published a complete denial of the charge that he received pay for assisting Philip Stern to secure an army appointment. He places the whole blame upon Evangel Manning, and says:

"Every letter he has written about me is a tissue of falsehoods of the vilest and most infamous character, his only authority is 'it is said' or 'it is charged' or 'it is reported.' He is encouraged and no doubt paid to these attacks by men who hate me for the sole reason that it lay not in my power to get or give them offices.

The movement to hold a state fair at Birmingham is assuming definite shape. The farmers and business men generally favor a state fair at either Birmingham or Montgomery and public opinion will justify the proposed assistance of the Department of Agriculture. The farming interests will be benefitted by such an enterprise.

The trial of Gen. Toral charged with surrendering Santiago without first exhausting all means of defense, is a cowardly act on the part of a cowardly nation. Toral did the best thing possible under the circumstances. In the absence of food, ammunition and medicines Toral was compelled either to surrender or to starve. There was no other course open.

The sewer connections should all be made before the fall and winter rains begin. If this work is delayed until winter, the streets and sidewalks will not be free from mud and slush before Spring. Now is the accepted time for the sewer connections.

To Cure a Cold in One Day.

Take Laxative Bromo Quinine Tablets. All druggists refund money if it fails to cure. 25c. The genuine has L. B. Q. on each tablet.

Fine Figure

Many women lose their girlish forms after they become mothers. This is due to neglect. The figure can be preserved beyond question if the expectant mother will constantly use

Mother's Friend

during the whole period of pregnancy. The earlier its use is begun, the more perfectly will the shape be preserved.

Mother's Friend not only softens and relaxes the muscles
